

Customizing Your Fundraising Page

There are a few ways to access your personal or team's fundraising page for the Rock, Roll & Stroll on ALS TDI's fundraising platform RAISE. Once you access your page, you may customize it following the steps below.

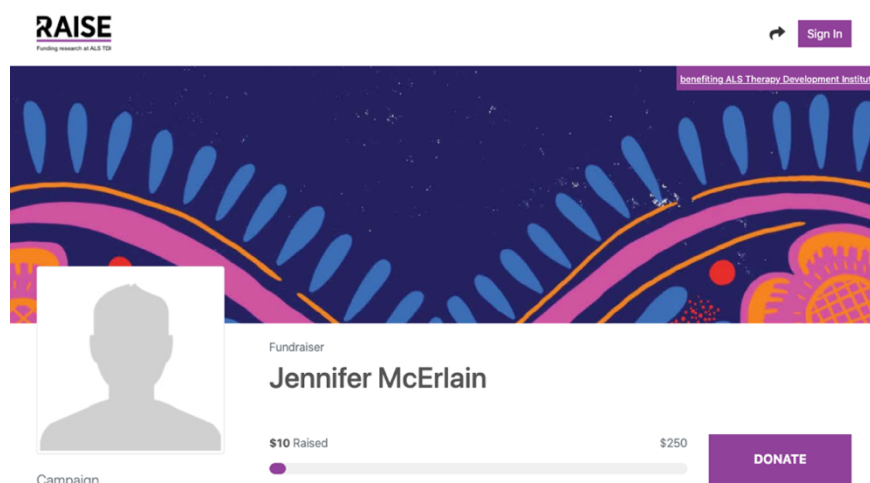

1. You may access your fundraising page directly from the registration receipt shown in your web browser after you register for the Rock, Roll & Stroll. If you click on "View" button from the registration receipt, you will be directed to your personal fundraising page.

Alternatively, you may access your fundraising page from the Rock, Roll & Stroll website: als.net/rockrollstroll. Click on the magnifying glass icon at the top right-hand side of the website. Then, type in your name in the search box. If you registered as an individual or if you joined an existing team, access your personal page by searching your full name. If you are a team captain (you created a new team), access your team page by searching your team's name.

Here is an example of a personal fundraising page:

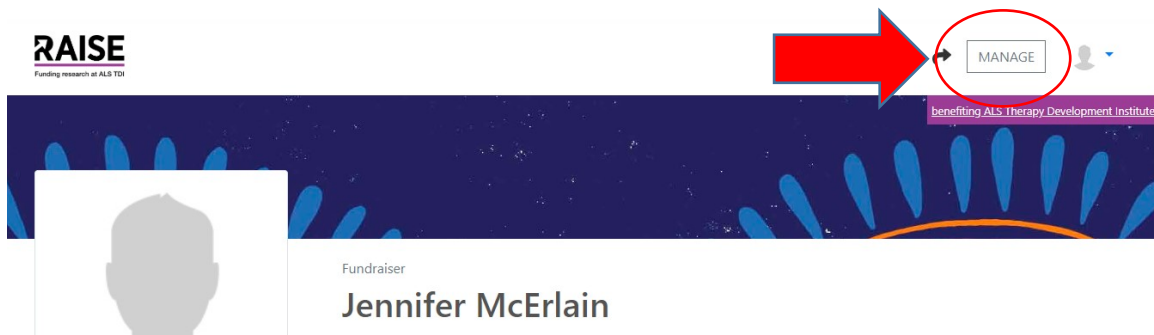

2. If you want to customize your page, then you will need to sign in. Click the “Sign In” button at the top right-hand side of the page.

3. Enter your login information. *Please note: if this is your first time using RAISE, you must activate your RAISE account first. You should've received an email titled "RAISE Account Verification" with instructions to activate your account after you registered for the Rock, Roll & Stroll.*
4. RAISE allows customization of personal fundraising pages as well as team fundraising pages.

To customize your individual page:

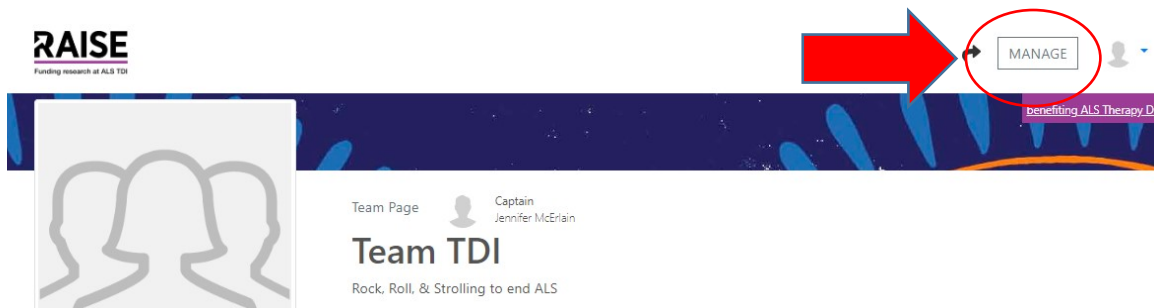

- Once logged in, you will be back on your personal fundraising page. If you are not on your personal fundraising page, then find your page now by typing your name into the search box (see steps above).
- Select the “Manage” button at the top right-hand side of your personal page.

- On the “Manage” screen, you may change your profile picture, edit your story (why you are participating in the Rock, Roll & Stroll), edit your fundraising goal, and create a custom short URL. Once you update your information click “Save”. You updated your personal fundraising page!

To customize your team’s fundraising page:

- Once logged in, you will be back on your team’s fundraising page. If you are not on your team’s page, then find your team page now by typing your team’s name into the search box (see steps above).
- Select the “Manage” button at the top right-hand side of your team’s page.

- On the “Manage” screen, you may change your team picture, edit your story, edit your fundraising goal, create a custom short URL, and more. Once you update your team’s information click “Save”. You updated your team fundraising page! *If you have questions, please email: events@als.net.*
